

RED WILLOW CONCESSIONS ARE GRANTED

**BIDS WERE OPENED BY BOARD
OF DIRECTORS AT MONDAY'S
MEETING—SUCCESSFUL BID-
DERS GET BUSY AT ONCE**

The board of directors of the Red Willow Lake Park association met Monday, and opened bids for the concessions to be operated at the lake the coming season.

Proposals had been received for the ice cream, soft drinks and candy concession. This concession was awarded to F. G. Lewis. The lunch concession was granted to Mrs. H. J. Maurer; bathing suit concession to Aug. Evers and the peanut and popcorn concession to Herman Osen. No bid had been presented for the boats and the launch.

The successful bidders have already commenced preparations in the way of making plans for buildings, and securing the necessary equipment to operate the concessions in the most satisfactory manner. It will be their chief aim to give the best service possible. Upon each rests a heavy responsibility in making Red Willow lake the popular summer resort planned for it by the association.

The directors decided also to advertise for bids for the pavilion. It is their present plan to build the foundation and floor. If conditions prove favorable the whole structure may be completed this season.

A committee composed of Dr. E. F. Ringlee, F. G. Lewis and C. E. Peterson were appointed to attend to the amusement features.
