Hannaford Enterprise: At a meeting of some of the baseball enthusiasts of the village one evening last week, it was decided that Hannaford should get into one or the other of the home talent leagues in the vicinity. O. A. Otteson was elected manager and W. A. Eiden captain, and correspondence with teams in some of the near-by towns started. If it should not be possible at this date to get into one of the leagues, there will be a team anyhow, for it is always possible to pick up a number of games during the season.
