

choice.—Anderson's Pharmacy.

Mr. and Mrs. J. M. Paulson took their departure from Binford last Saturday, for their new home at Lancaster, Minnesota. Their household effects were taken overland by J. L. Mocre in the International truck, and aside from being stuck in the mud once, he made the trip very successfully. Binford people, generally, regret the removal of the Paulsons. During their short residence here they have made many friends, and all will wish them the best fortune in their new surroundings.
