

ses fitted, changed or replaced.

Vases of jonquils, yellow and white streamers and shaded lamps formed the setting for the farewell party given in the church parlors last Thursday afternoon by Mesdames Thorn, Rorvig and Greenland, complimentary to Mrs. Francis Ringlee, who with her family will soon leave Binford to make their home in California. About sixty ladies were present, and after an excellent program of readings and music had been rendered, an elaborate luncheon was served. The tables were laid beautifully with snowy linen, cut glass and fine china bearing a wonderful supply of choice eatables. A merry social time and feasting ensued. Mrs. A. J. Anderson, on behalf of the ladies, presented Mrs. Ringlee with \$25 in gold as a token of their regard. Mrs. Ringlee has been very active in church and Sunday School work and popular in social circles, and her departure from our midst is very much regretted.
