

West.

Sutton Reporter: Rural free mail service on route No. 1 started as per schedule Thursday with Carrier Brown on the job. Mr. Brown comes to this new work with the best of recommendations from the people whom he has served on the Courtenay route, and it is quite probable that the patrons of the Sutton route will find him as efficient here as the other folks have. He reports that there are several who have not yet put up their boxes, which should be done at the earliest possible moment, so full and satisfactory service may be given.
