

Cemetery.

Robert Truscott autoed to Coopers-town Friday evening, to make application for entry to the Fort Snelling training camp, to be conducted from August 1st to 30th. Griggs county is permitted to send three to be selected from those who make application. The camp is conducted to conform very generally to the Plattsburg idea, which made history just before the late war. Those who are selected to attend the camp are put to absolutely no expense, their transportation, food, uniforms and medical care being without cost to the individual.
