

The **TIMES** editor is in receipt of a beautiful copy of the program of the Special Reopening Services at the First Methodist Episcopal Church of Cooperstown, to be held next Sunday, August 26th. The program is a beautiful one and will be participated in by several distinguished ministers of the state. Rev. H. Styles Harris is pastor of this church and his congregation is loud in its praises of his untiring labors in behalf of the church. We extend thanks to the friend who sent us the program and regret very much our inability to attend the service.
