

---

Messrs Peter Idsvoog and O. S. Gundersen have, we are informed, decided to put in a line of general merchandise in one of the towns on the Aneta extension. The town selected is what has thus far been known as Osago, but which we are informed will be changed to Pekin, as there is a town along the line somewhere having a name similar to Osago. The firm will be known as Idsvoog & Gundersen, and they will carry a large and valuable stock. We wish them success in the new town.

Quite a number of our local sports
