

## DEATH OF HUBBARD KNAPP.

The illness of Hubbard Knapp as chronicled in the Times last week, finally caused his death which occurred at his home southwest of Cooperstown on Sunday morning at 2 o'clock. His condition has been such that the end had been expected for some time. He was aged 69 years and 5 days, and Bright's disease was the cause of his death.

Mr. Knapp had been a resident of Griggs County for a period of eleven years, during which time he had been a hard working and industrious man and had been very successful in maintaining his home and providing for his family. He is survived by his wife and seven children, four sons, viz: Mason and Boyd, of this place, George of Garrison, N. D. and Clay the youngest child at home, and three daughters, Mrs. B. Wheeling of Cooperstown, Mrs. Frank Myers of Akeley, Minn. and Mrs. Walter Richardson of Hannaford.

Deceased was of the Baptist faith and had always lived an upright life and in his death his family have lost a devoted husband and father, and his acquaintances a true and honorable friend. The community at large sympathizes in the fullest measure with the bereaved family in this their time of deep sorrow, but it is a blessed thought to all to know that his life in this cold, bleak world has been spent in such a manner as to insure for him the blessedness of that eternal happiness which will endure to the end of time for those who enter the portals of Heaven after having lived such a life as that of our departed friend.

The funeral services were held at the home on Wednesday at 1 o'clock p. m. and interment was made at Mabel cemetery, Rev. Oscar D. Purinton of Cooperstown, officiating.
