
SCHOOL A WEEK FROM MONDAY.

Text Books Will Have Arrived and Everything in Readiness.

THE TIMES was in error last week when it stated that school would commence on the 7th. At a meeting of the board of education it was decided to postpone the opening until Monday, the 13th. By that time the new text books will be here and the work of installing the heating plant will be nearly completed. School opens the 13th—paste this in your nat.
