

ket.

H. J. Maurer returned Monday from Montana, where he had been in search of land. He is negotiating with the N. P. railway company for two sections of the choicest land in that state. He also looked over some homestead land on which his son, John, will file. John had an auction sale of his personal property in Canada, on Monday, and expects to arrive here some time the latter part of next week, with his family.
