

Wimbledon News: Died at the home of Mr. and Mrs. A. S. Johnson in this city, Mrs. F. G. Sherrer of Leal, from typhoid fever and pneumonia. Mrs. Sherrer was taken down with this dreaded disease about a month ago and shortly afterward was brought to this city, where three doctors and two nurses did every thing in their power to conquer the dreaded disease, but it was to no avail, and she passed to the other world where suffering is no more.

F. M. Johnson and family
