

been located at Buford.

The annual meeting of the stockholders and directors of the First National bank was held Tuesday. The work of going over the year's business, declaring dividends, etc., was disposed of. The old officers were re-elected and two more directors added, making seven in all. The new directors are Otto Pritz and Joe Ebentier. Those connected with the institution are pleased with the past year's business and expect to see it still better this year.
