

FARMERS' INSTITUTE IN BINFORD NEXT WEEK

Tuesday and Wednesday, Feb. 4 and 5
Are the Dates--Good Speakers
Will Be In Attendance.

Every farmer in Griggs county should make it a point to be in Binford next Tuesday and Wednesday, Feb. 4 and 5, to attend the farmers institute meetings.

It was through a special effort on the part of the Binford Commercial club that a two days' institute was held here last year, and from the interest manifested at these meetings it was plain that the farmers would attend again, so consequently a session of two days was arranged for this winter. And, if possible, this

one will eclipse the one of last year in point of interest and valuable information.

T. A. Hoverstad and W. C. Palmer of the Agricultural College, and W. R. Lanxon of the Hettinger substation, are the speakers who will be here. Practically every branch of farming will be discussed and these men are in a position to speak with authority on those subjects.

So come to Binford, next Tuesday and Wednesday and bring your wife and children.
