

DAILY SERVICE ON ROUTE ONE

**Commencing on June 1st Patrons
on Rural Route No. 1 Will
Receive Mail Daily.**

According to a notification received by Postmaster Lewis, the patrons on rural route number one will receive their mail daily commencing the first of June.

The mail handled on this route has been sufficient to warrant daily service for some time. Carrier Heinson, who has been attending to both routes, will have route one, and an examination for a carrier on number two will be had soon.

Following is the letter from the department:

Washington, D. C., May 8, 1911.

The Postmaster,
Binford, North Dakota.

Sir:

In view of the increase in the patronage of rural route No. 1. Binford, you are hereby authorized and directed to increase the frequency of service on that route from three to six deliveries a week, effective June 1, 1911.

Carrier Christian F. Heinsen, who is now serving routes Nos. 1 and 2 on alternate days, will be assigned to route No. 1.

You will, without expense to the Department, advise the patrons of the proposed increase of frequency of service, and impress upon them the necessity of giving the route their liberal support as failure to do so will necessarily operate to reduce the service to its present status.

When you have complied with these instructions, you will notify the Department of your action.

Respectfully,

P. V. DeGraw,

Fourth Assistant Postmaster

General.
