
BOARD HELD MEETING.

Sidewalk to Hager's Addition Will be Built This Summer.

The village board held a meeting last Friday and considerable business was done, the most important of which was the resolution adopted to construct a sidewalk to Hager's addition. Residents in that part of Binford have been clamoring for a walk for many years, and, unquestionably, they have been entitled to one. They will be the first to commend the action of the village board in securing for them this sidewalk. The walk will be built of plank.

Cement street crossings will be laid in different places this summer. An advertisement for bids appears in this issue.

L. P. Larson was appointed justice of the peace and O. K. Krogfoss is poundmaster.
