

shape than ever to serve his patrons.

About thirty citizens of the city met at the Fire Hall Monday evening and organized a business men's athletic association. A. M. Baldwin was elected president; C. P. Kelley secretary-treasurer; Dr. F. W. Rose, athletic director. This association will use the high school gymnasium two nights each week and will purchase such apparatus as are required for the lighter forms of exercise, Basket ball, boxing, wrestling, etc., will also be provided for the more strenuous inclined. The association starts out with 25 charter members and that number will doubtless be nearly doubled in the course of a few weeks.
