

Jessie Items.

Mrs. St John was on the sick list last week but is now able to be around again.

Mrs. Martha Beck, who has been at St. Luke's hospital in Fargo for several weeks with a bad arm, was operated upon for appendicitis last Friday morning. Immediately after the operation she was very low but at the present writing is doing as well as can be expected.

Mr. and Mrs. Odin Johnson have moved into the late Kuntz residence.

Mrs. Oscar Rogney, who was called to Butte, Montana, several weeks ago by the serious illness of her sister, is expected home soon.

Robert Thorn arrived home from Fargo last Thursday, where he has been for medical treatment.

Last week transactions took place whereby L. Ruud became the owner of Bill Warner's horse and buggy, and Bill Warner the owner of the Ford runabout formerly owned by S. A. Pritz. Bill sure hits the high spots now, and if he were within range of it, he undoubtedly would try to "Ford" the ocean.

H. St. John spent a few days the first part of last week at Valley City attending to business matters.

The carpenters are now hard at work on the house owned by Gus Pella, and will be ready for occupancy of Mr. and Mrs. Edwin Erickson by next week.

Mrs. O. L. Anderson received the sad news of the death of her sister in Minnesota last week. But a few weeks ago, a sister-in-law of Mrs. Anderson died. The Andersons seem to be having more than their share of trouble, and certainly have the sympathy of the entire community.
