Oscar Kittleson came over from Aneta today, in company with O. A. Holte. Oscar has severed his connection with Larson, Ringlee & Co., store at Aneta, and for the present, at least, he will take things easy. It is possible that he will accept employment in Binford and should he decide to do that, he will be a valuable addition to the band and base ball team, and someone will have a steady and industrious employee. He is a prince of a good fellow and Binford will welcome him here.
