

M. Norswing has resigned his position with Greenland, Pritz & Co. and as soon as he gets some business matters attended to, he will move to Finley, where he has purchased an interest in the firm of Hammer-Condy Co., hardware and machinery dealers. Mr. Norswing has been in the employ of Greenland, Pritz & Co. for the past eight years and by faithful performance of his duties has won a high regard in the eyes of his employers. He knows the hardware business thoroughly, is courteous to the trade, is alive to the needs of the patrons, and with his wide-awake and progressive business principles his success at Finley is an assured thing. In all, he an excellent citizen, and The Times takes great pleasure in recommending him to the people of Finley. We are sorry to lose such an estimable family as the Norswings, but wish them a great deal more happiness and prosperity in their new home.
