

Sentinel-Courier: H. S. Rearick was operated upon at St. Luke's hospital, Fargo, Monday afternoon for gall stones, twelve of them being found and removed. The operation was a serious one, but word was received from the hospital Wednesday afternoon to the effect that he is getting along very good, and it is sincerely hoped by his many friends here that his recovery will be rapid and sure. Mrs. Rearick and sons, Reynold and Floyd, went down to Fargo last Saturday to be with Mr. Rearick.
