

quality as one of the trustees.

Adrian Torfin, of Aneta, was shot by the town policeman last week. It is said that Torfin and some other boys were having a "beer party" near the fair grounds. The policeman went to make them behave. It is alleged that the policeman used the but end of his gun when some of the boys threatened him and that when he went to prod Torfin with the revolver it was accidentally discharged. Torfin is in a critical condition and may not recover.
