

There were many sorrowful hearts on Friday last when it was known that the seven month old baby girl of our friends Mr. and Mrs. W. J. Dalton had passed away. She had been sick a short time with the measles when she suddenly was taken with pneumonia. Dr. Truscott was called but was too late. It was impossible for him to do anything. The funeral services were held at the house Saturday forenoon and interment at the West Prairie Lutheran Church cemetery. Rev. Stinson of Cooperstown was brought up by R. Thorn and conducted the service. There were a large number of friends present. Everyone who could do so went to the cemetery. The little one's face was certainly a sweet one. There was no trace of pain at all. This will make for a pleasant memory as the lonely days passed by.

“Home has lost it's Jewel
Heaven has gained a gem.”
