

The Binford Farmers club meeting held yesterday was well attended and several matters of importance came up for discussion. The debate, "Resolved, That a 160 acre farm is more profitable than a large one," was won by the affirmative. Another meeting will be held on Feb. 24. The subject chosen for debate is "Resolved, That dairy cattle are more profitable than beef cattle." E. E. Iverson, F. G. Lewis, M. D. Leininger, O. G. Arneson and Carl Asmus have the affirmative side and will be opposed by D. A. Goplen, A. M. Hemerlin, Follef Tweed, Matt Rorvig and Oscar Greenland. A committee composed of Carl Asmus, P. J. Finstuen and F. G. Lewis will look into the matter of securing dairy cattle for this community.
