

THREE LINKERS WILL ENTERTAIN

**Big Dance and Supper to be Given
on Valentine's Day in the
Evening.**

Wednesday evening, Feb. 14th has been selected by the Binford lodge No. 77, I. O. O. F. as the date for their annual dance and supper.

These events have proven so enjoyable in the past that a great many people look forward to them, knowing that an excellent time is in store, and this year's "doins" will prove no exception. The committees in charge are making every preparation to provide a full evening of pleasure for everyone. The Binford orchestra, which has been engaged to furnish the music, has been instructed to practice up on some of the old-time dance music, in order to give the old folks who are not "up" on the new dances, an equal privilege with the younger set, who are just as "green" about the old-fashioned steps. In addition to the regular orchestra, Prof. Water Sigge of Jessie, will assist them. Mr. Sigge made a big hit at the Firemen's dance, and those who heard him insisted that he should be engaged for this event.

A committee of Rebekah ladies have charge of the supper, which is to be served in the lodge room.
