

nal.

O. C. Bue made a business trip to Leeds last Saturday and reports that he has been engaged with the Farmers Elevator of that place as manager for the ensuing year, and will take possession at once. His family will remain here for some time until suitable living room can be provided. We are sorry to see the family leave but will hope that they will return to take up their residence at Pe-kin in due time. Mr. Bue is one of the pioneers of the town being one of the very first residents here in 1906. Oscar has had several years of experience in buying grain and we feel sure that he will make good in his new location, and our best wishes
