

time next week.

George Collins, of Sturgeon Lake, Minnesota,, infielder and pitcher, and Frank Besse, pitcher of Shell Lake, Wisconsin, have signed and returned their contracts to Manager Oscar Greenland, of the base ball team. Collins will be remembered by his stellar work on the Aneta team last season. He was one of the heaviest hitters seen on any club in this section and the local management feel they were fortunate in securing his services. Mr. Besse has a good reputation as a pitcher, and was highly recommended by Art Bjugstad. These two players will arrive in Binford about the middle of the month.
