

One of heaviest rain storms and the worst electrical storm in years visited this section last Thursday afternoon and night. The rain came in torrents and every low spot was filled to overflowing. The lightning was continuous and several places were struck, but no great damage was done except to a farm house west of Mose, which was struck and burned to the ground. The base ball team was in Finley that afternoon and had a hard trip returning home. When a short distance this side of the Sheyenne river and crossing a deep rutted grade one of front wheels on Oscar Greenland's car broke. The occupants, Mr. Greenland, A. W. Ringlee, Jimmie Peterson, Oscar Alm and C. E. Peterson, started hoofing it and after going about four miles the rain caught them. They were drenched to the skin and frightened almost to death by the lightning which was playing a tattoo on the telephone wires over their heads. F. G. Lewis and Julius Thorn came to the rescue, reaching home after midnight. It was some experience and one that we do not care to have repeated.
