
Aneta Man Lost.

Ole Visdal, residing with his uncle six miles west of Aneta for the last ten years, has been missing since last Sunday morning. He drove to the farm and after putting the horses in the barn, failed to go to the house as was his usual custom. Upon being missed his uncle, Ole Gadle, became alarmed and set out to find him but up to this date has received no information as to his whereabouts.

On last Friday night the missing man complained of being sick and said he had trouble with his head. It is thought likely that he went to the Sheyenne River near the farm and either fell in or deliberately jumped in or drowned. The river is being dragged and every effort is being made to get some trace of him. Visdal was 25 years old at the time of his disappearance.
