## To the Patrons of the Hope School.

School begins Sept. 3rd. It should be the aim of the parents to have their children begin then, if possible, and attend regularly. Irregular attendance destroys the interest in school work of even the most capable children. Besides it takes the time of the teacher from the class for this individual work, if the child is ever to regain his place. Those that attend at odd times during the year cannot expect to find the classes just where these pupils are. We shall try to do the best we can with those who find it impossible to commence on time. The teachers will be glad to know the parents wishes and will give all the information and assistance possible.

Respectfully, M. C. Whitney.
