
ICE RINK.

Arrangements have been made by the Hope Ice Skating Rink Co. to build a permanent Rink for the City. It will cover just two lots, being 50 x 141. It will require 16000 feet of lumber to enclose it and the cost will be \$500.00 or more. The Spectators room will be enclosed from the Rink with a glass partition. This room will be seated and heated for the Comfort of spectators. It promises to be a grand affair and is worthy of patronage. The people are looking forward to an enjoyable winter and their expectations for fun, are away up.
