## MORE TELEPHONES.

---

Hon. Lewis Thompson of Newburg accompanied by Mr. O. A. Hong of Buxton drove in from Hatton today to solicit stock for the proposed telephone line between Sherbrooke and Hatton.

Mr. Hong is the secretary of the Red River Telephone Company of Buxton which already owns and operates extensive telephone interests in the valley.

The gentlemen succeeded in raising a considerable sum among patrons here and along the proposed route—enough so as to enable the company to begin work very soon and in order that the line may be in operation by about harvest time. — Sherbrooke Tribune.
