

# School Notes.

Valentine day was observed by all grades on the second floor. The spirit of good fellowship prevailed on all sides. The first and second grades went together as did the third, fourth, fifth and sixth. All enjoyed the occasion and the hearts of the children were made glad.

Last Friday Messrs. Jacobson, Kraabel, Ferris and Slater visited the Gray school and found things in a splendid condition. The teacher, Miss Stebbins, although taken by surprise, handled her classes in a skillful manner.

There will be no school here on Washington's birthday and the superintendent will spend the day visiting the country schools which will take their holiday later.

The bookkeeping class is progressing rapidly under the management of Mr. Highler.

High school rhetorical will be held Friday afternoon of this week and the public is cordially invited.

The Caesar class is now reviewing, after having completed three books, next week they will begin on the fourth.
