

# School Notes.

The results from the Seventh and Eighth grade final examinations, Thursday and Friday of last week, showed careful preparation on the part of the students and instruction of a higher order on the part of the teacher. In arithmetic, a goodly number received 100 per cent and the rest of the class did not fall below 85 per cent; in grammar, the results were even more glorious and successful than arithmetic. All the Seventh and Eighth grades passed grammar with high standings, but the Seventh grade has broken the record for good work by passing up the grammar one year ahead of its grade. This speaks well for the Seventh, which is destined to become a banner grade.

Results is what counts in the final estimation of the term's work and not ostentatious display and "spurious" standings. The price of success is industry and the reward of effort, achievement. Men who fail in life may attribute it to mental, moral, or spiritual idleness and laziness. Someone has said:

"Work, work, my boy, be not afraid;  
Look labor boldly in the face.  
Take up the hammer or the spade  
And blush not for thy humble place."

Mr. R. K. Voules, a representative of Fargo college, visited the High school Monday and gave an interesting talk on college life.

Mrs. Slingsby and Mrs. Paley visited Emma during English, Monday.

Bessie Styles is confined to her home on account of sickness and all join in extending her our deepest sympathy and wishing her an early return to her duties.

Mrs. Rugg, of Hope, and Mrs. Baldwin, of Fargo college, visited the High school Tuesday.
