

Hope Public Schools

By W. C. SLATER, Superintendent

The State High School Reference Books have finally been received and installed. The list includes Chemistry—Organic, Analytical and Historic, German Language and Literature, French Language and Literature, U. S. History and Civics, European and English History, Ancient History, Latin Language, Antiquities, Archaeology, Geography, History—Roman and Greek, Mythology, Art, English Language and Literature, Individual Authors, Physics, Physiography, Botany, Zoology, Economics, Mathematics, Pedagogy, and Psychology.

This list makes our working facilities very complete and furnishes ample resources for research work in all departments.

Since the reception of these books, research has become contagious not only among the students but even among the teachers. The State is doing much for the betterment of the State High Schools in that the state appropriation can be used only for laboratory apparatus and supplies, reference books for high school use, maps, charts and globes for high school use.

Perfect Spelling—First Grade

Mary Cassel, Douglas Stark, Viola

Olson, Adah Ehred, Hudson Fulmer, Ruth Baker, Frank Dorrance, Truman Bowen, Lydia Brendemuehl.

Perfect Spelling—Second Grade

Ralph Clutter, Charlie Curfman, Leslie Dorrance, Francis Fulmer, Albert Lockwood, James Meader, Rozella Beckerjeck, Emma Curfman, Eunice Iseminger, Alberta Graham.
