

Bank For Blabon

Blabon is to have a bank. Application has been made to the state for a charter and it is expected in a few days. The building is already in progress of construction. It is a frame building but will contain a good vault and be first-class in all respects. The bank will be known as the Blabon State Bank. We understand that the officers are to be as follows: J. D. Brown, Pres., M. B. Cassell, Vice-Pres., S. J. Danskin, Cashier, all of this city and T. O. Chantland, of Finley, Asst. Cashier.

The new bank will open for business in a short time. It will fill a long felt want in Blabon and its vicinity. The town is to be congratulated on securing a bank of such financial soundness.
