

School Notes.

Remember the meeting of the N. D. E. A. at Valley City, Dec. 30th to Jan. 1st inclusive. Advance programs will soon be published. The meeting promises to be especially interesting. Live issues to be discussed practically.

Dr. N. C. Schoffer of Penna., will be with us. He is a leader in education and a Prince among men.

Valley City Educators and Citizens are preparing to entertain the association royally. Be There.

Arrangements are being made for reunions of graduates and undergraduates of the different schools of higher learning. It is probable that from 5:30 to 8: p. m. of one day will be given for these re-unions or for any others. Notice will be given on the programs.

Every teacher owes it to himself to attend this meeting and to become an active member. We have less than 500 members out of 5000 teachers. This does not speak well for us. Swell the list. Send \$1.00 dues and \$1.00 active membership fee to the secretary. If you are now an active member, send only dues.

Enroll in advance and thus aid the officers.

Become a force in the educational work of the N. D. E. A.

Clyde R. Travis, Mayville
Secretary.
