Our readers will be sorry to hear that C. S. Palfrey lost his beautiful home by fire, last Saturday afternoon. It is supposed to have caught from the chimney, and when discovered, it was too late to save either the building or contents. We learn he carried \$400 insurance and will not rebuild until spring. Charley's host of friends sympathize especially at this season.

About 8 o'clock last night Jim Hill's lightning express on the Hope branch was wrecked near Colgate. One car jumped the track piling up about a dozen, but no one was hurt. An extra was following with about 40 loads but was flaged in time to prevent further trouble. The accident occurred on a down grade and the extra being a heavy train, they cannot back up; so there they are.
