

# SCHOOL NOTES.

There was no school in the High School room last Monday morning, on account of the cold.

A number of the pupils in the different rooms are troubled with severe colds.

Howard Boise has returned to school, after a two week's absence on account of illness.

Blake Dawdy was a visitor to the High School room Tuesday afternoon.

Rev. E. S. Shaw, of Fargo, visited the High School last Monday morning. Mr. Shaw complimented the 9th Grade Latin Class very highly, saying that it was the tanner class of the state. Needless to say the class feels highly elated over the compliment and will try to merit it always.

Just here it may be said that the pupils are always glad to see the parents visit and would feel encouraged if the parents would make it a point to visit the schools much more frequently. Try it and see.

'Miss Curtis' room is quite crowded, but some new seats have been ordered, which will help out quite materially.

The schools were given a half holiday last Friday afternoon, to enable them to see Tank Kee and hear his lecture on "The Boys and Girls of China."

Friday is the last school day in January—the fifth school month. Only four months left, boys.
