

Hope Public Schools

By W. G. SLATER, Superintendent

The grade books for the first month's work will be out next week and will give an accurate estimate of each child's work. Attendance, punctuality, neatness, tardiness and application are the factors which influence a student's standing. The teachers are willing to give all the students can and do learn but no more! The marks will be close and in no way inflated. If the child's class record is not what it should be, a question will give the reasons.

Miss Kasper's Caesar and Beginning Latin Classes were given a quiz last week and the results were entirely satisfactory. Eng. I, II & III classes will take their examinations this week.

Music in the High School is progressing finely under Miss Meilke's tuition. This is gratifying in view of the fact that beginning with Sept. 1907 all first class schools shall take the state examinations in Music and Drawing.

The Department of Drawing, for the first time, is assuming professional proportions under Miss Edna Little, who is enthusiastic in drawing.

Messrs. Kraabel, Philip and Lathrop visited the Primary department Monday afternoon to inspect the work of the little children, a few of whom are too young to do the required work.

Miss Mielke has organized a Glee Club among the girls in the high school and reports very flattering prospects for some good music from that quarter. The boys are contemplating a male quartette

The high school boys are practicing daily at the foot ball park under Coach Hitchcock, and will be ready for a game early in October. Several neighboring high schools have written for games. The boys earnestly solicit the patronage of the public as their expense will be quite heavy. Hughes is captain and McLaughlin is treasurer.

Perfect Spelling—Second Grade
Edward Couron, Charlie Curfman, Leslie Dorance, Harry Pepper, Donald Warner, Lloyd Sussex, Rozella Beckerjeck, Alberta Graham, Eunice Iseminger, Charlotte Johnson, Geneva Lang and Hildegard Usselman.
