

# Wandered in Storm

---

During the storm on Wednesday night George Kreps, who lives on section 17 in Baldwin township, lost his bearings on his way home from Hope and had a narrow escape of having to be on the prairie for the night. After passing Goose Lake about a mile his team left the track in the storm, and he wandered round for some time. He was seen on his way home and fears were entertained for his safety. Inquiries were made by phone. When it was found that he had not arrived, the neighbors turned out and lighted several straw piles. He unhitched his team and succeeded in reaching one near William Sowden's with face and ears badly scorched. He was afterward accompanied home by his sympathizing neighbors, where he was made doubly welcome by his partner in life.—Communicated.—Valley City Alliance.
