

No Electric Road

The Promoters of the Proposed Road Back Down.

The following from the Grand Forks Press explains itself: The Northwestern Interurban Railway Co. and the Traction Securities Co. are an event of the past, at least in Grand Forks. As was announced in yesterday's Evening Press, the company has withdrawn their request for a franchise here and will seek other fields. The following letter is self explanatory and has been issued to all the gentlemen who signed for stock, in the company:

Dear Sir:—

We return herewith, your signature on your subscription for stock in the Northwestern Interurban Railway Co. which is withdrawing from this field, in favor of a better proposition elsewhere. We wish to thank you very much for the spirit in which you received us and the kindly courtesy accorded us.

Thanking you we are

Yours truly,

Traction Securities Co.,

By James J. Lambrecht,

President.
