

Fatal Accident.

George Goodman, a farmer living in Mabel township this county, was accidentally killed Wednesday afternoon. It seems he was trying to throw the belt from the engine and in some way was caught and thrown against the front wheel of the engine, his head and one side of his body being badly bruised.

Dr. Brimi was phoned for but the unfortunate man expired before he could get out there. The deceased was an unmarried man about forty-eight years old. He was quite an extensive farmer and had been a resident of Griggs county about ten years. He purchased a new threshing outfit this season which he was operating when he was killed.
