
Obituary.

Again The Pioneer is called upon to chronicle the death of a dear friend and a beloved citizen, whom the Almighty has seen fit to remove from our midst. Charles S. Palfrey, of Riverside, was taken sick one week ago Sunday night with typhoid fever and died last Saturday night of hemorrhage of the lungs, surrounded by his family and friends. He leaves a wife and two children besides brothers, sisters and the entire community, to mourn his loss. The interment occurred Monday in the Hope cemetery.
