

The commencement exercises of the high school department of the Hope school were held at the opera house last Thursday evening. A class of four, consisting of Eunice Jacobson, Ella Nelson, Howard Boise, and L. J. Bowen, finished the course and received their diplomas. State Supt. Stockwell was present and addressed the class, giving an entertaining and instructive talk. The diplomas were presented by L. A. Jacobson, president of the board, who complimented the graduates in a very happy manner on the excellence of their work. A large audience showed that the people of Hope have the interests of the school and students at heart.
