

SCHOOL NOTES

A letter of thanks was received from Mr. Hall, the Supt. of N. D. Children's Home Society, in which he expressed his appreciation of the pupils contribution. He stated that the boxes all contained goods of the best quality and among the most valuable received from any public school. The contribution amounted to about thirty dollars.

Messrs. Jacobson, Brown and Kraabel visited the schools last Monday in their official capacity. We are pleased to welcome them at any time they may come.

School was dismissed Monday forenoon because of the cold. The temperature in some rooms was below thirty, which is too cold for children while sitting.

Mrs. Boise visited the school last week.

Perfect spelling lessons in the 6th and 7th. grades this week were attained by Eileen Gilmore, Georgia Gray, Elsie Wells, John Cyrus and Clara McLean.
