

C. L. Allen In Trouble.

The office of the News, C. L. Allen's paper at Kensal, was raided last Saturday night presumably by parties whose enmity Allen had incurred by his vigorous campaign against gambling and the liquor traffic, which, if all reports be true, engage the attention of the majority of the residents of Kensal. Several cases of type were dumped in the street and the job press was broken. In addition to this considerable other damage was done. Several arrests have been made and the offenders will be prosecuted vigorously.
