

FRIGHTFUL ACCIDENT.

HARRY JOHNSON NEARLY GROUND TO DEATH UN- DER BINDER.

While working around a binder on the farm belonging to Hammer & Condy northeast of Blabon last Thursday, the team started up and ran the binder over Harry Johnson inflicting injuries that very nearly proved fatal. He was caught by the guards and mangled in a horrible manner. His right leg was broken in two places, his right arm nearly cut off and a large flesh wound made in the left leg. Dr. Philip was called and dressed the wounds and now has hopes of saving the patients life though an amputation of one leg may be necessary.
