The reception announced for Oct. 28 has been postponed on account of the incompleteness of the new building, date of which will be given in the near future.

The girls of the high school and seventh and eighth grades have organized a basket ball team. They have already received challenges from other schools and Miss Ellen Nelson, the business manager of the local team, is arranging for a number of games.

With no preventing Providence, we will occupy our new building Oct. 31, at which time both teachers and students will give public thanksgiving.

John Baldwin has taken up work again in the high school.

The following is an extract from a letter from W. L. Stockwell: "Please convey my greetings to the people of Hope and congratulate them for me upon the new era of educational progress which they are now enjoying."

School will open Monday in our new building. Doors will be opened at 8:30.

Mrs. Madge Johnston has recently organized a large chorus and will give much of her time this winter to this class of work. We understand it is the intention to give three or four concerts during the winter. Such work as this, especially among our young people, should have every encouragement. Watch for the date of the first which will be some time in December.

Neal D. Wasem has resigned his position on the road for the Fargo Mercantile Co., to accept a better one with the Green & De Laitre Co., of Minneapolis, from Fargo to Minot. Mr. Wasem has already entered upon his new duties, but his family will not move to their new home until the first of November. Their many friends in Fargo will regret their departure from this city, but the best of wishes of all will follow them to their new home.—Fargo Forum.
