

School Notes.

Contractor Finn called at the High school building Wednesday afternoon on business and rang the fire gong which precipitated a fire drill. Although the first and second grades were taking physical culture in the auditorium their teachers formed them in marching order and began their flight as did the teachers of the other departments. This readiness for any emergency shows our preparation in time of real danger. We invite our friends to call unexpectedly and try us out at any time. Simply push the button twice and the departments will do the rest.

The grades are full and in some places badly congested. The Board will take active measures to relieve this congestion which is greatly appreciated both by students and teachers.

The enrollment in the High School department for "now" is twelve greater than at any time in the history of the school, there being enrolled thirty students. This shows a healthful status of this department which from now on will become larger and larger.

Those perfect in spelling:

Fourth Grade: Ethel Couron,

Third Grade: Grace Harness.

—Teacher Miss Baker.

The following had perfect spelling lessons in the second grade:

Willie Bowen, Teddie Reynolds, Jakie Fulmer, Willow Baker, Frances Lockwood, Annie Meader, Grace Lunding, Zelma Moores, Doris Tillotson.—Teacher Miss Larson.
